and may change throughout the year.

LEVEL 3

Advanced Facial Treatments

Micro-dermabrasion

£20.00

A deep exfoliation which leaves skin appearing softer and brighter. This treatment can help to improve acne scarring, uneven skin texture, hyperpigmentation, fine lines and wrinkles.

Electrical Muscle Stimulation

£15.00

This treatment lifts and firms specific muscles.

Micro-current

£15.00

A non-surgical face lift that contours the face and neck, reduces fine lines and wrinkles and tones face muscles.

Vacuum Suction

£15.00

Improves fluid drainage, skin tones and textures.

Galvanic

£15.00

A deep cleanse which refreshes and rejuvenates the skin.

Direct High Frequency

£15.00

Beneficial for oily skin to help heal blemishes and acne breakouts. This is also beneficial for those with dry skin as it helps skin warming and increase in circulation.

LEVEL 3

Advanced Body Treatments

Galvanic Treatment

£10.00

This is an anti-cellulite treatment for hips, thighs and buttocks.

Body Micro-current Treatment

£12.00

This Muscle rejuvenating treatment is used on the buttocks and thigh area to firm and tone.

Electrical Muscle Stimulation

£12.00

This is a muscle treatment to tighten and tone muscles.

High Frequency Back Treatment

£8.00

A deep cleanse for the back area which aids the healing process of spots and blemishes.

Vacuum Suction

£10.00

Improves circulation and lymphatic drainage.

Following a thorough skin analysis, your therapist will select from a range of electrical machines to customise a facial treatment that meets your skin requirements. A course of treatments is recommended for all facial treatments
